JOSEPH C. RICH, Co. Superintendent.

NOTE—I have visited all the schools in this county, and find a general disposition amongst the teachers and scholars to learn and avail themselves of the opportunities presented. We have some first-class male and female teachers in this county, and generally, very creditable school buildings, which, however, are not as well supplied with modern school apparatus as we expect them to be in the early future. The expense of carrying on our schools, aside from the small amount derived from county taxes, are generally met from district taxation or voluntary donation.

Very Respectfully,

J. C. RICH, Co Sup't.

JOSEPH C. RICH, Co. Superintendent.

NOTE—I would suggest that the present school law be amended, by making the office of County Superintendent separate and distinct from all other county offices, believing the cause of education would be better advanced by this amendment.

NOTE.—The County Commissioners of Idaho County have for the past two years only levied two and one-half mills on the dollar in Idaho county; they therefore having failed to comply with the provisions of the Statute, upon the grounds that there were but four organized school districts, and that the means derived from Government licenses, fines, Poll tax, &c, were sufficient.

Respectfully,

B F. MORRIS,
